

NORTRUCK

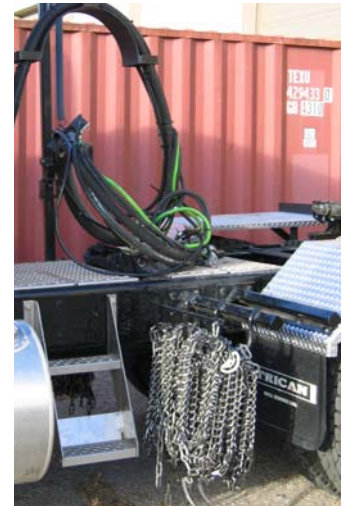

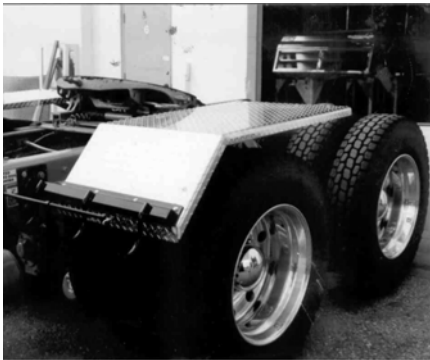

Quality metal fabrication since 1983...

Heavy trucks made better with Nortruck sleepers, shower units, and other accessories

Get more value out of your tractor units, comply with new Transport Canada regulations, and make your operators more productive. We are focused on Oil & Gas production, exploration or service companies - we understand your business requirements.

We can modify your Kenworth, Peterbilt, Mack or other tractor unit with useful accessories such as:

- fenders,
- chain racks or
- hose reels

Fenders, chain racks and hose reels

Or we can add a specially designed 84" regulation-size "half sleeper" unit to the cab. They are built from welded, 1/8" 5052 aluminum with stainless steel hardware. They're well insulated and upholstered and meet all Transport Canada requirements.

Half-Sleepers

#7, 1231 - 36 Avenue N.E., Calgary, Alberta T2E 6N6 • 1-866-450-5355 • (403)-250-5355 • (403)-250-9371 fax

Alternatively, we can modify full-sized sleeper units to combine the functionality of a control cab while still providing a regulation-size bunk for crew rest.

Full-sized Sleeper and Control Cab

We can also enhance your safety and productivity by adding a shower to the tractor unit.

Shower Units

These field facilities provide emergency-use capability where you need it, and in accordance with federal safety regulations.

Nortruck Manufacturing

All our sleepers, shower units, and accessories are crafted to the *highest standards of quality* using the best materials and parts available anywhere. When you buy Nortruck, you can be confident of superior craftsmanship and investment protection.
